

EXCLUSIVE, INVITATION ONLY EVENT
Achieving and Sustaining Total Plant Reliability

Building a Business Case and Culture for Reliability

Our experts will share their journeys and discuss what truly sets average performers apart from those who command a competitive advantage. Adopting a Total Asset Management (TAM) strategy—one that encompasses everything from instruments and valves to rotating equipment—is how Top Quartile companies directly affect profitability. Learn how to sustain those gains to drive a culture of Reliability improvement, from the field all the way to the control room.

MEET OUR EXPERTS

Joel Holmes
Senior Reliability
Consultant, Experitec

Tinh Phan
Reliability Solutions
Enablement Expert, Emerson

Eric Snyder
Business Development
Executive, Emerson

Agenda
